

Acue visum! Omnia habent duplicem visum!

Homo homini...canis!

Sursum, deorsum...homo est ipse canis!

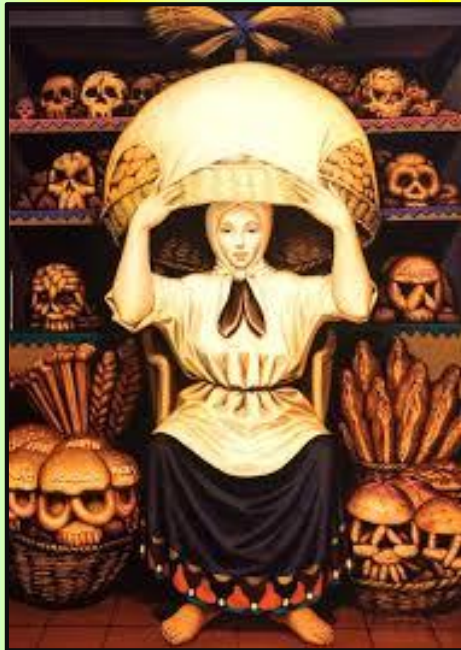

Pisces rubri et aqua maris in Iucunda vere bestiali!

Quid somniant sponsi novelli?

Puerum, fortasse, sub ramis iacentem !

Vade retro ! Sum osseum Caput skeleti taetri!

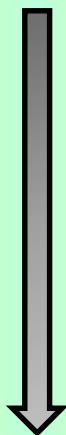

Sum senex, non pulchra, naso abnormi?
Specta me attentius ! Gratiiosa est mea forma !

Et ecce opus ab Hans Holbein depictum !

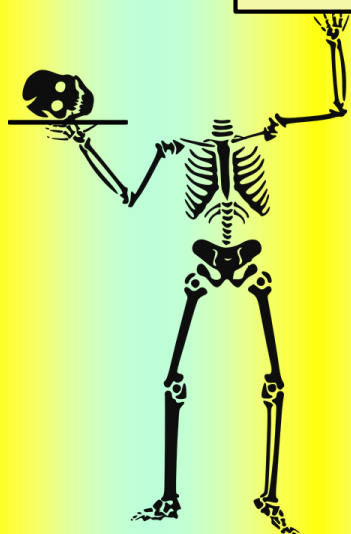

Humi est tabula an potius...

Meum
caput!
